Defocus Notification on all Carbon Film and Metal Film Leaded Resistors

Dear Valuable Customers,

Thank you for your support and interest in ASJ Products!

ASJ Pte Ltd would like to officially inform that with immediate effect, we have defocused on all Carbon Film (CF) and all Metal Film (MF) leaded resistors due to the following considerations:

- Increasing prices of raw materials required for production of CF & MF leaded resistors
- Instability supply of raw materials

Kindly do source for alternate sources for the above mentioned leaded resistors.

We would like to extend our sincere apologies for any inconvenience caused to you.
